

NOVA Desking System

Installing Desk Legs

- ① Assemble box legs

- ② Flip table top upside down and remove bottom gromets

- ③ Attached box legs. Move box legs 2" in to leave room for desk clamp.

- ④ Flip right side-up and attach desk screen

Installing Desk Screens

- ① Screens should be assembled before attaching to desk.

- ② Connect to desk and secure with screws.

For double-sided screens, attach screen to one desk, then attach the desk to the other side of the screen.

Assembling multiple desk and screens

Assemble desk screens first. When attaching multiple screens and desks assemble clockwise or counter clockwise as shown below.

Start

Assemble desk screens first then attach first desk screen to one of the desk.

Attach second desk to opposite side of the screen that already has the desk.

Attach the small desk screen to one side of the first desk.

Attach another desk to the opposite side of the small desk screen.

Connect another large desk screen to the adjoining desk, followed by a small desk screen adjacent to it.

Connect the final desk to both the large and small desk screen that was just added.
