Why Buy Our Waiting Room Divider Wall?

Looking to add a waiting room divider wall to your healthcare facility or hospital? The [Sapphire Cubicle System](#) makes it possible to create nearly any shaped room dividers you can imagine. This modular, commercial-grade cubicle system is both versatile and durable. Its lightweight aluminum frame and

demountable construction makes it the perfect choice for any office or work environment. Because of its scalability and design, any waiting room divider wall can be added to if needed. Also, the **Sapphire Cubicle System** features a variety of choices for the panels (multi-colored fabrics, patterned laminates, and tempered glass) and offers panels reaching 39", 52", and 65" in height. And don't forget, this cubicle system also offers electrical cord/data networking cable conduits along the base of each panel to hide cable clutter.

What Comes With This Product?

The waiting room divider wall pictured on this page consists of our **Sapphire Cubicle System** divider walls with Black Oak laminate panels with glass topper panels. You can select other colors for the panels, change the overall length of the wall sizes, or adjust the height of the panel divider walls. It's completely freestanding, so no need to bolt it to the floor or ceiling. Use it to partition off areas such as examination rooms, wellness rooms, waiting areas, or wherever you need to separate space between customers/clients/patients.
