PRODUCT DESCRIPTION

Why Buy Our Conference Room with Glass Panels?

The **Sapphire Wall System** features glass conference room walls with locking door, built to a variety of shapes, sizes, and panel colors. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely freestanding with no permanent attachments to your floor or ceiling.

In other words, our glass conference room walls with locking door are a breeze to set up or take down. It usually takes less than a day to assemble (depending on the size of the project).

You can also customize our glass conference room walls with locking doors in a variety of ways; choose all glass panes (as shown here) or mix in multi-colored laminates and fabric panels.

Additionally, we offer built-in "raceways" along the bottom of our walls to provide hidden electrical and data network management. Just as important, you can change or replace panels instead of the entire wall. In short, our freestanding cubicles are customized to suit almost any business or office. If your business needs to relocate, then take them with you to your new location and reconfigure as needed.

The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction-- which can take weeks of construction and downtime.

What Comes With This Product?

The glass conference room walls with locking door configuration pictured creates a space 16' x 16' x 95"H. It can be used for many purposes such as a breakroom, waiting area, conference room, etc. This space could easily fit up to a 12-foot conference table (such as a [Harmony Conference Series](#) table) available only from *SKUTCHI Designs Inc.*

It's pictured here with a hinged, swing door with glass panel insert. The panels are primarily tempered glass, but again, you can customize the panels to suit your purpose. Just let us know when you order.

What Else?

The glass conference room walls with locking door made with our **Sapphire Wall System** are fully compatible with any items available in our [Sapphire Cubicle System](#), which includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails. Give us a call to customize yours today!
