PRODUCT DESCRIPTION

Why Buy Our Conference Room with Table?

The **Sapphire Wall System** features conference rooms with tables, built to a variety of shapes, sizes, and panel colors. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely freestanding with no permanent attachments to your floor or ceiling. In other words, our

conference rooms with tables are a breeze to set up or take down.

It usually takes less than a day to assemble (depending on the size of the project).

You can also customize our conference rooms with tables in a variety of ways. Choose all glass panes or mix in multi-colored laminates and fabric panels.

Additionally, we offer built-in "raceways" along the bottom of our walls to provide hidden electrical and data network management. Just as important, you can change or replace panels instead of the entire wall. In short, our freestanding cubicles are customized to suit almost any business or office. If your business needs to relocate, then take them with you to your new location and reconfigure as needed.

The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction--which can take weeks of construction and downtime.

What Comes With This Product?

The conference room configuration pictured creates a space 15'3"W x 18'7"D x 108"H by making use of an existing corner in a room. Included is a 12' x 4' table (from the [Harmony Conference Series](#) product line).

It's pictured here with an acrylic sliding door, however, we have traditional swing doors (with locks) available if you're looking to upgrade. The panels are primarily tempered glass with the side wall consisting of White laminate panels. Again, you can customize the panels to suit your purpose. Just let us know when you order.

What Else?

The conference room with table made with our **Sapphire Wall System** are fully compatible with any additional items available in our [Sapphire Cubicle System](#), which includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails. Give us a call to customize yours today!
