Why Buy Our Customer Service Cubicles with Doors?

The **Sapphire Wall System** features customer service cubicle with door, which can be built to a variety of shapes, sizes, and panel colors. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely freestanding with no permanent attachments to your floor or ceiling.

In other words, our customer service cubicle with door are a breeze to set up or take down. It usually takes less than a day to assemble (depending on the size of the project).

You can also customize our high wall cubicles with locking doors in a variety of ways; choose all glass panes or mix in multi-colored laminates and fabric panels.

Additionally, we offer built-in "raceways" along the bottom of our walls to provide hidden electrical and data network management. Just as important, you can change or replace panels instead of the entire wall. In short, our freestanding cubicles are customized to suit almost any business or office. If your business needs to relocate, then take them with you to your new location and reconfigure as needed.

The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction-- which can take weeks of construction and downtime.

What Comes With This Product?

Customer service cubicles with door configurations are as varied as they are versatile. The 9'5" W x 9'4" D x 84"H space pictured on this page is a great example of a popular typical ordered by our clients.

As you see it pictured, it's easy to create a single privacy room by making use of an existing wall in your workplace. A room like this can be used for whatever purpose you see fit. This configuration features Charcoal fabric with White laminate panels, and acrylic sliding door. Making alterations to this typical is easy. We offer over a dozen colored fabrics and several laminate choices.

What Else?

The customer service cubicle with door made with our **Sapphire Wall System** are fully compatible with any items available in our [Sapphire Cubicle System](#), which includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails. Give us a call to customize yours today!
