### PRODUCT DESCRIPTION

#### Why Buy Our Demountable Office Partition?

The **Sapphire Wall System** features this demountable office partition, which can be modified to a variety of shapes, sizes, and panel colors. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely demountable with no permanent attachments to your floor or ceiling.

In other words, this demountable office partition is a breeze to set up or take down. It usually takes less than a day to assemble (depending on the size of the project). You can also customize the panels of our

demountable office partition in a variety of ways; choose all glass or mix in laminates and fabric panels. The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction.

### **What Comes With This Product?**

Pictured here is a 10' x 10' partition wall with floor to ceiling glass panes. This typical is ideal when you need to separate two sides of a room or hallway. All of the modular panels are interchangeable to suit your needs, however. Choose different colored fabrics or laminates to match your office's motif or corporate brand. This wall is recommended for ceiling clearances of 8' and higher.

### **What Else?**

The glass room divider, made with our **Sapphire Wall System**, is fully compatible with any items available in our [Sapphire Cubicle System](#), which includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails.
