Why Buy Our Office Space Cubicle Walls?

The **Sapphire Wall System** features office space cubicle walls, built to a variety of shapes, sizes, and panel colors. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely freestanding with no permanent attachments to your floor or ceiling.

In other words, our office space cubicle walls are a breeze to set up or take down. It usually takes less than a day to assemble (depending on the size of the project).

You can also customize our office space cubicle walls in a variety of ways; choose all glass panes or mix in multi-colored laminates and fabric panels. The base of each panel features inline data and electrical "raceways" to manage cord and cables. The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction--which can take weeks of construction and downtime.
