PRODUCT DESCRIPTION

Why Buy Our Modern Cubicle Workstations?

Are you looking for modern cubicle workstations? The [Sapphire Cubicle System](#) is our premier cubicle workstation product line. This commercial-grade cubicle system is both scalable and durable. Its lightweight construction makes it a sound investment for any office or work environment. Because of its modular design, any number of modern cubicle workstations can be made. Also, this cubicle system features a variety of choices for the panels (multi-colored fabrics, patterned laminates, and tempered glass) and offers panels reaching 39", 52", and 65" in height. And don't forget, this cubicle system also offers electrical cord/data networking cable conduits along the base of each panel to hide cable clutter.

What Comes With This Product?

The modern cubicle workstation pictured on this page shows our **Sapphire Cubicle System** divider panels with a L-shaped desk surface. You can select alternate colors for the panels, the overall dimensions of the workspace sizes, the height of the panel divider walls, and the shape of the worksurfaces if you'd like. Also, there are many extras you can add to your cubicle workspace such as locking storage bins, pedestal cabinets, accessory racks, monitor arms, paper trays, writing utensil holders, and many other features to complete your project. You can even replace the L-shaped worksurface with our [Quantum Sit-to-Stand](#) desks as an upgrade.

What Else?

Finally, it's important you have a clear understanding of all accessories and choices available for our modern cubicle workstation. For this reason, we suggest you contact *SKUTCHI Designs Inc.* today. We'd be happy to answer your questions before your purchase.
