#### Why Buy Our Cubicle Reception Workstation Desk?

Are you looking for a cubicle reception workstation desk? The **Sapphire Cubicle System** is our premier cubicle workstation product line. This commercial-grade cubicle system is both scalable and durable. Its lightweight aluminum construction makes it a sound investment for any office or work environment.

Because of its modular design, any number of cubicle reception workstation desks can be made. Also, this cubicle system features a variety of choices for the panels (multi-colored fabrics, patterned laminates, and tempered glass) and offers panels reaching 39", 52", and 65" in height. And don't forget, the **Sapphire Cubicle System** also offers electrical cord/data networking cable conduits along the base of each panel to hide cable clutter.

### **What Comes With This Product?**

The cubicle reception workstation desk pictured on this page shows our **Sapphire Cubicle System** divider panels in three different heights, with a L-shaped desk surface, and a transaction shelf for assisting customers. You can select other colors for the panels, change the overall dimensions of the workspace sizes, adjust the height of the panel divider walls, or select a different laminate for the worksurface if you'd like. Also, there are many extras you can add to your cubicle workspace such as locking storage bins, pedestal cabinets, accessory racks, monitor arms, paper trays, writing utensil holders, and many other features to complete your project.
