Why Buy Our Reception Cubicle Workstation?

Are you looking for a reception cubicle workstation with acrylic sneeze guard? The [Sapphire Cubicle System](#) is our premier cubicle workstation product line. This commercial-grade cubicle system is both scalable and durable. Its lightweight construction makes it a sound investment for any office or work

environment. Because of its modular design, any number of reception cubicle workstations can be made. Also, this cubicle system features a variety of choices for the panels (multi-colored fabrics, patterned laminates, and tempered glass) and offers panels reaching 39", 52", and 65" in height. And don't forget, this cubicle system also offers electrical cord/data networking cable conduits along the base of each panel to hide cable clutter.

What Comes With This Product?

The reception cubicle workstation pictured on this page shows our **Sapphire Cubicle System** divider panels with a L-shaped desk surface. You can select alternate colors for the panels, the overall dimensions of the workspace sizes, the height of the panel divider walls, and the shape of the worksurfaces if you'd like. Also, there are many extras you can add to your cubicle workspaces such as locking storage bins, pedestal cabinets, accessory racks, monitor arms, paper trays, writing utensil holders, and many other features to complete your project. You can even replace the L-shaped worksurfaces with our [Quantum Sit-to-Stand](#) desks as an upgrade.
