PRODUCT DESCRIPTION

Why Buy Our 6-Person Office Cubicle Pack?

The **Sapphire Wall System** offers this 6 person office cubicle pack which can be customized in a variety of shapes, sizes, and panel colors. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely freestanding with no permanent attachments to your floor or ceiling.

In other words, our 6 person office cubicle pack is fully demountable. It usually takes less than a day to assemble (depending on the size of the project).

You can also customize the panels of our 6 person office cubicle pack in a variety of ways; choose all glass or mix in laminates and fabric panels. We offer multiple color fabric and laminate options.

Additionally, we offer built-in "raceways" along the bottom of our walls to provide hidden electrical and data network management. Just as important, you can change or replace panels instead of the entire wall. In short, our freestanding cubicles are customized to suit almost any business or office. If your business needs to relocate, then take them with you to your new location and reconfigure as needed.

The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction-- which can take weeks of construction and downtime.

What Comes With This Product?

The **Sapphire Wall System** pictured here is a 6 person office cubicle pack configuration paneled with a base row of Sea Salt laminate, then Slate fabric, and topped with a row of White laminate. A row of tempered glass "caps" runs along the top. This arrangement of the **Sapphire Wall System** creates individual spaces 12' wide, 11' in depth, and 9' in height.

Also, each cubicle features a sliding acrylic door. In addition, you can upgrade to a traditional swing door with a lock if you prefer. In fact, you can make all kinds of alterations to our wall system. We have several fabric colors and laminates from which to choose.

What Else?

The 6 person office cubicle pack of our **Sapphire Wall System** are fully compatible with any items available in our [Sapphire Cubicle System](#), which includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails.
