PRODUCT DESCRIPTION

Why Buy Our Demountable Room Divider Wall?

The **Sapphire Wall System** offers demountable room divider walls, built to a variety of shapes, sizes, and panel colors. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely freestanding with no permanent attachments to your floor or ceiling.

In other words, our demountable room divider walls are a breeze to set up or take down. It usually takes less than a day to assemble (depending on the size of the project).

You can also customize the panels of our demountable room divider walls in a variety of ways; choose all glass or mix in laminates and fabric panels. The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction--which can take weeks of construction and downtime.

What Comes With This Product?

Pictured here is a simple partition wall configuration in a mixture of tempered glass, multiple laminates, and fabric panels. This arrangement is ideal when you need to separate two sides of a room or hallway. Also, it features a sliding acrylic pane door which can be upgraded to a traditional swing door with custom lock.

Additionally, we offer built-in "raceways" along the bottom of our walls to provide hidden electrical and data network management. Just as important, you can change or replace panels instead of the entire wall. In short, our freestanding cubicles are customized to suit almost any business or office. If your business needs to relocate, then take them with you to your new location and reconfigure as needed.

All of the modular panels can be changed to suit your needs. Choose different colors to match your office's motif or corporate brand.

What Else?

The demountable room divider walls, made with our **Sapphire Wall System,** is fully compatible with any items available in our **Sapphire Cubicle System**. That includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails. Give us a call to customize yours today!
