less than a day to assemble (depending on the size of the project).

You can also customize the panels of our glass wall partitions with door in a variety of ways; choose all glass or mix in laminates and fabric panels. The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction--which can take weeks of construction and downtime.

What Comes With This Product?

Pictured here is a simple partition wall configuration in all tempered glass panels. This arrangement is ideal when you need to separate two sides of a room or hallway. Also, it features a simple sliding acrylic panel to help lower the cost. However, you can upgrade the door to a locking swing door.

This typical wall partition features all tempered glass panels, but we offer several fabric colors and laminates from which to choose if you'd like to replace the glass panels.
