PRODUCT DESCRIPTION

Why Buy Our Glass Room Divider Walls with Sliding Acrylic Panel Door?

The **Sapphire Wall System** offers glass room divider walls with sliding acrylic panel door which can be built to a variety of shapes, sizes, and panel colors. This highly versatile panel system--with heights

ranging over 7', 8' or 9'ft--is completely freestanding with no permanent attachments to your floor or ceiling.

In other words, our glass room divider walls with sliding acrylic panel door are a breeze to set up or take down. It usually takes just a few hours to assemble (depending on the size of the project). You can also customize the panels of our glass room divider walls in a variety of ways; choose all glass or mix in laminates and fabric panels.

The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction--which can take weeks of construction and downtime.

What Comes With This Product?

Pictured here is a simple glass room divider wall configuration in all tempered glass panels. This arrangement is ideal when you need to separate two sides of a room or hallway. It features a sliding acrylic panel door with floor-mounted lock. This typical wall partition features all tempered glass panels, but we offer several fabric colors and laminates. Just tell us what you'd prefer to replace the glass panels.

What Else?

The demountable glass partitions made with our **Sapphire Wall System** are fully compatible with any items available in our [Sapphire Cubicle System](#), which includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails. Give us a call to customize yours today!
