## PRODUCT DESCRIPTION

### Why Buy Our Privacy Pod Phone Booth?

The **Sapphire Wall System** offers a privacy pod phone booth which can be built to a variety of shapes and sizes. This highly versatile panel system--with heights ranging over 7', 8' or 9'ft--is completely freestanding with no permanent attachments to your floor or ceiling. In other words, our privacy pod phone booth is fully demountable.

You can also customize the panels of our privacy pod phone booth in a variety of ways; choose all glass or mix in laminates and fabric panels. We offer multiple color fabric and laminate options.

The **Sapphire Wall System** is a beautiful, modular wall alternative to traditional drywall construction--which can take weeks of construction and downtime. It usually takes less than a day to assemble (depending on the size of the project).

## What Comes With This Product?

The 5' x 5' x 95" privacy pod phone booth pictured on this page includes a locking swing door for extra privacy. Additionally, we offer built-in "raceways" along the bottom of our walls to provide hidden electrical and data network management. Just as important, you can change or replace individual panels when needed instead of the entire wall.

In short, our pods can be customized in many ways to suit almost any business or office. If your business ever needs to relocate then simply take the pod with you to your new location and reconfigure as needed.

## What Else?

All typicals made with our **Sapphire Wall System** is fully compatible with any items available in our [Sapphire Cubicle System](#), which includes workstations, furniture, and accessories such as file storage, shelving, overhead storage, desks, chairs, and padded benches, paper racks, and accessory rails. Give us a call to customize yours today!
